

DUMC & COVID-19 (1 April 2020)

As a responsible body of believers, we are transparent and proactive in updating on the COVID-19 situation among our congregants. In line with this, we would like to let you know that we have been informed that one of our youths has tested positive for COVID-19 on 30 March 2020. She is currently receiving medical attention at a designated hospital. Her parents informed us that she is stable and doing well.

All her family members have undergone testing and are self-monitoring at home pending the results of the test. DUMC, together with her family, is assisting the Ministry of Health (MOH) by providing a list of persons who might have had close contact with her during the suspected incubation period.

We advise everybody to continue to be vigilant and alert in monitoring for symptoms as at least one family member might come into contact with an infected individual when picking up groceries or necessities.

Please continue to uphold our nation, the healthcare workers and our brothers and sisters in Christ who are impacted by the virus.

We pronounce a blessing over each of you who is reading this message:

May the Lord bless you and keep you,
the Lord make His face shine on you and be gracious to you;
the Lord turn His face toward you and give you peace.

Stay home, stay healthy.

Pastor Chris Kam

Senior Pastor, Damansara Utama Methodist Church
