

VIRTUAL TECHNOLOGIES available for you

Tools For Cell Group Activities

Hebrews 10:24-25 (NIV)

²⁴ And let us consider how we may spur one another on toward love and good deeds, ²⁵ not giving up meeting together, as some are in the habit of doing, but encouraging one another—and all the more as you see the Day approaching.

The background of the image is a brick wall. The bricks are light-colored, possibly white or light grey, with dark grey mortar. A solid dark blue horizontal band runs across the middle of the image, serving as a background for the text.

We encourage cell groups to continue to gather virtually, as much as is practical at the usual time. In times like this, we need to share love and care, more than ever with one another and the people around us. To help cell groups maintain this time of fellowship, we are providing a simple guide to the technologies available.

At this time, when many would be anxious, let's encourage each other by sharing devotional learnings, praying for each other's needs and for our beloved nation beleaguered by Covid-19. Use your WhatsApp groups as a channel of Christ-honouring encouragement. In the spirit of Lent, let us embrace the pain of inconvenience, turn aside from our self-preoccupation and be mindful of the deep pain of others. Especially those who do not yet know the Prince of Peace.

Let us be fervent in prayer, continuing to uphold the ones severely affected by this pandemic, especially the medical personnel on the frontlines of this battle.
